

Emlite Prepayment Coin Meter – Summary Sheet

Summary

A versatile prepayment coin meter, configured for the new £1 coin, released in March 2017. Coin options include new £1 & £2, old & new £1, and €1 & €2. In addition, this meter can also be used as a Timer.

This 100 Amp meter is MID approved and can be set up with two tariffs, perfect for Economy 7. It also features a programmable standing charge and debt collection function, as well as a fully electronic validator for coin acceptance ensuring no loss of revenue through the use of foreign or fake coins. While easy to program on site, we can pre-program your meter for you prior to dispatch. Just select the optional extra and enter your requirements upon placing your order.
