# Alarm Cable

Description
This range of alarm cable is suitable for modern day installation

Features
Conductor
- Stranded tinned copper clad aluminium
- 7 x 0.19mm Ø nominal

Insulation
- PVC
- ±0.10mm

Rip cord
- White Nylon

Sheath
- Standard PVC
- White
- 4.3± 0.20mm Ø

Range
4 Core Alarm Cable	630W
6 Core Alarm Cable	631W
8 Core Alarm Cable	632W

Technical Specification
Conductor resistance		< 16.03Ω @ 20°C, DC
Insulation resistance		>500MΩ/m @ 20°C
Rated temperature		80°C
Rated voltage		300V
Insulation colours	4 core	Blue, yellow, red, black
	6 core	Blue, yellow, red, black, white, green
	8 core	Green, white, red, blue, yellow, black, brown, orange

Standards
- RoHS
